

Now Outdoor Living  
Lives Longer

## Imagine the Possibilities

Unleash your creativity with a material as bold and limitless as your imagination: the King StarBoard® family of polymer sheet products. Virtually anything you can make with wood—plus a few things you can't—can be made with King StarBoard. King StarBoard sheets are environmentally stabilized, easy to fabricate with standard woodworking tools and feature a rich matte finish. It's a perfect choice for any outdoor or wet application, including cabinetry, outdoor kitchens, tables, chairs, planters, shelving and custom creations for one-of-a-kind homes.

## Perfect for Today's Lifestyles

As beautiful as it is durable, King StarBoard® has been used by nearly every boat and yacht manufacturer since 1988. Now, it is finding its way into some of the world's finest homes and commercial properties. King StarBoard gives your contractor the edge in creating fabulous outdoor living spaces that last a lifetime.

Available in eight standard colors and a variety of sizes and thickness, King StarBoard helps you turn ideas into reality.

## Worry-free in All Weather

King StarBoard® is known for its ability to endure the constant punishment of the sun, water and weather in harsh marine environments. It won't rot, warp, discolor or delaminate and it never needs painting or refinishing. This makes it a smarter option than wood, wood laminates and ordinary plastic. King StarBoard maintains its shape, color and finish for a lifetime of worry-free use. Cleanup is a snap with common household cleaners. Visit [www.kingstarboard.com](http://www.kingstarboard.com) for complete care and maintenance instructions.
